About Us

As you know there is a strong movement in the USA and the world to **walk away from plastic straws**.

The alternative so far was paper straws, but they breakdown before finishing your beverage, very difficult to use with hot drinks and you still need to kill trees to produce them.

Our Agave Straw and **Agave Cutlery** use byproducts of the production of Tequila and Agave syrup, reducing waste by transforming it into a sustainable product.

Our agave complies with the following regulations:

SEMADET 0910.DEMI. 1497.2022 TRATAMIENTO

SEMADET 0911.DEMI. 1498.2022 CO-PROCESAMIENTO

SEMADET 0912.DEMI. 1499.2022 ACOPIO
